When companies are just starting out, invoicing is pretty straightforward. It's when the volume of customers increases that it starts to become a challenge. This is when digitizing invoicing becomes essential to a business's ability to continue to grow. While starting on the path to digitization may sound daunting, it begins with a simple switch to e-invoicing. For ambitious SMEs, this practical and user-friendly course is a must as it combines the decades of know-how and resources of ICC Academy, Mastercard, Basware and Xero to help SMEs improve their day-to-day business operations.”
